I'm Yours

Dean Martin

Ask the sky above and ask the earth below
Why I'm so in love and why I love you so
Couldn't tell you though I tried dear
Just why dear, I'm yoursWhen you went away you left a glowing spark
Trying to be gay is whistling in the dark
I am only what you make me
Come take me, I'm yours how happy
I would be to beg or borrow or sorrow with youEven though I knew tomorrow you'd say we were through
If we drift apart then I'll be lost alone
Though you used my heart just for a stepping stone
How can I help dreaming of you
I love you, I'm yoursIf we drift apart then I'll be left alone
Though you used my heart just for a stepping stone
How can I help dreaming of you
I love you, I'm yours
