

# It's Happening With You

[k.d. lang](#)

Everything I do  
Deliberately for you  
And everything I see  
I'm seeing differently  
From every point of view  
It's happening with you In this crazy  
World full of lemons  
Baby  
You're lemonade Everywhere I go  
(Everywhere I go)  
I'm going with the flow  
(Going with the flow)  
And every turn I take  
(Every turn I take)  
Becomes a piece of cake  
No matter what I do  
It's happening with you In this crazy  
World full of lemons  
Baby  
You're lemonade Crazy  
In a world full of lemons  
Baby  
You're lemonade Everything I say  
(Everything I say)  
Comes out a different way  
(Comes out a different way)  
And every sound I hear  
(Every sound I hear)  
Is music to my ears  
It's too good to be true  
It's happening with you
