

All That I Need Is to Be Loved

Moby

All that I need is to be loved
Can't you take this out of me
All I want is to be near you
Oh my God, how can I love thee? All that I need is to be loved
Can't you take this out of me
All I want is to be near you
Oh, my God, how can I love thee?
Oh, my God... No one on earth can be what I need
No one on earth can feel what I must feel All that I need
All that I need is to be loved
