Rocks In My Pillow

David "Honeyboy" Edwards

I feel like walking
And I feel like laying back down
Well i feel like walking
And i feel like laying back down
Well i feel like drinking baby
But it ain't none of dat good whisky around

I got holes in my pockets
I got big patches in my pants
I got holes in my pockets baby
I got big patches in my pants
I'm down in my house rent
And the man won't sold that money in advance

I got rocks in my pillow baby
And i can't rest easy no more
I got rocks in my pillow baby
And i can't rest easy no more
You know i love that little woman so hard
But this time she gotta go
(Let it go now)

I feel like walking
And I feel like laying back down
Well i feel like walking baby
And i fell like laying back down
You know i feel like drinking baby
But it ain't none of dat good whisky around

I got rocks in my pillow baby
Gravels in my bed
I got rocks in my pillow baby
I got gravels all in my bed
There is a little woman running around there
She's wishing to god that i was dead
