

# What I Want Them to Say

## Newsboys

Whatâ€™s a man to do  
When every dream heâ€™s chased comes true  
All the trophies on a wall  
Are gonna lose their shine and fall  
Whatâ€™s a stage played on  
If we donâ€™t give You every song  
All the cheers and the applause  
In the arena theyâ€™ll be lost  
What will they think about the things I did  
What will they say about the life Iâ€™ve lived  
I want them to sayâ€  
Heâ€™s the one whose faith didnâ€™t fade  
When everything crashed, he didnâ€™t cave  
He never lost his awe and wonder  
The one that kept me from going under  
And he ran a good race  
Thatâ€™s what I want, what I want, I want them to say  
What if they all know my name  
But never see beyond my face  
A pointless legacy  
There so much more inside of me  
He fights for the weak  
Has arms that reach out for Jesus  
Every word that he speaks  
Helps me to believe thereâ€™s a God that loves us  
Oh Lord, I want YOU to sayâ€
