

We Exist

Rufio

Cannot fight this feeling
That's all you want is to break me
Fighting in my wonder
That when I try to find out It seems just all on the inside
We fall and come back to where we say it's right.
It's the feeling
And believe So it seems I pray
Only when I'm down
Feeling wrong inside
I can't deny the fact that I'm so
Torn up in my mind Knowing we exist
From something so unknown
Trying hard to live
I can't live on my own Broken wings and burden
I'm still so far to see your
Living undercover
And all for what to save your own life
Seems as though on the inside
We fall and come back to where we
Sadness is what your feeling
And believe So it seems I pray
Only when I'm down
Feeling wrong inside
I can't deny the fact that I'm so
Torn up in my mind So it seems I pray
Only when I'm down
Feeling wrong inside
I can't deny the fact that I'm so
Torn up in my mind
