

# Redmen And Their Wives

## Guided by Voices

Fall out of bed-they're issuing lives  
For redmen and their wives  
Offering hands and twiddling thumbs  
For dreams that never comeOften said "You better not look away  
You'll lose the day"  
The way I see it, it's already lost  
"So then be it" they sayThey're sharpening knives  
And primitive lives for redmen and their wives  
Breadwinner and klutz  
And losing it all before the one eyes shutsWell I see it as paying the price  
Nobody feels it these days  
Well I'd like to go and kiss them away  
Well I'd like to know another wayDid you notice that they're taking back lives  
From redmen just to  
Give them time to find the light  
In all the things that bind with frightA killer's waking up this time  
To rob us clean and leave us blind  
They'll never see the light  
They'll never find the time
