

Love Is A Cat From Hell (Featuring Vic Fuentes)

Chiodos

I see the way that you act
I'm not impressed by any of your lies
I see the way you pretend to be so collect
You're out of your mind And you fell over the words that you dropped on the ground
Oh, no, you're not fooling anybody
And I'm not fooling around What goes around comes back around
It's coming around for you
So what made you think I wouldn't eventually
Come out of my skull? Above you I hold your secrets
They're hanging right above your head
And you can bet that they'll believe
And I believe that you are blackmailed and defeated So what good are your words anyway?
They're just a series of acting and plays
What good are your words anyway? Somber dim lights, somber dim lights Your facade, it's not true
It's not you, what a shame
The way you are is why you feel
The way you do, oh, your fallacies I see the way that you act
I'm not impressed by any of your lies
I see the way you pretend to be so collect
You're out of your mind You fell over the words that you dropped on the ground
Oh, no, you're not fooling anybody
And I'm not fooling around What goes around comes back around
It's coming around for you
So what made you think I wouldn't eventually
Come out of my skull? Your destiny
Above all I hold the secrets
They're hanging right above your head, baby
You are defeated
This time it's coming back around
You are defeated Somber dim lights, somber dim lights Above you I hold your secrets
They're hanging right above your head
And you can bet that they'll believe that
I believe that you are blackmailed and defeated
