

Prima Donna

Christina Aguilera

Tonight it's on, play my song, it's a celebration
I worked a long week and now there is no hesitation
I need a drink or two, make that a few, I ain't waiting
Yes, yes, I'm grown and you know I got no time for wasting Gonna forget my troubles 'cause it's a special night
Not gonna stress for nothing, I'm feeling quite alright
If it's your birthday, baby, I'm gonna grant your wish
This is a private party, V-I-P in this, bitch I'm a prima donna, I can rule the world
Don't care who's around me, I can rule the world
So hands up, catch this feeling, there's no stopping this
Right now in this moment I can't rule the world So ladies, pop, pop, pop, blow it up
Make it pop, pop, pop, turn it up
Speakers pop, pop, pop 'til I'm drunk
Bottles pop, pop, pop
Take it back to the verse right now A little fun never killed, never hurt nobody
So grab a glass and raise it up, baby, work your body
Ain't nothing wrong, just go on if you're feeling naughty
Yes, yes, I'm grown and I don't need no judgment on me Gonna forget my troubles 'cause it's a special night
Not gonna stress for nothing, I'm feeling quite alright
If it's your birthday, baby, I'm gonna grant your wish
This is a private party, V-I-P in this, bitch I'm a prima donna, I can rule the world
Don't care who's around me, I can rule the world
So hands up, catch this feeling, there's no stopping this
Right now in this moment I can't rule the world So ladies, pop, pop, pop, blow it up
Make it pop, pop, pop, turn it up
Speakers pop, pop, pop 'til I'm drunk
Bottles pop, pop, pop Work it down, oh I'm a prima donna, I'm a, a prima donna
I'm, I'm a prima donna, I'm a, a prima donna
I'm, I'm a prima donna, I'm a, a prima donna
I'm, I'm a prima donna, I'm a, a prima donna
I'm, I'm a prima donna, I'm a, a prima donna
I'm, I'm a prima donna I'm a prima donna, I can rule the world
Don't care who's around me, I can rule the world
So hands up, catch this feeling, there's no stopping this
Right now in this moment I can't rule the world So ladies, pop, pop, pop, blow it up
Make it pop, pop, pop, turn it up
Speakers pop, pop, pop 'til I'm drunk
Bottles pop, pop, pop Work your body, work your body
