kiss me she said  
you're so dangerous  
don't pull away  
don't pull awaykiss me she said that girl again  
you're dangerous so hazardous to me  
yeah! the drama queen  
the cat walk  
you're so obscene you're fabulous  
it's your life don't shoot it up i am the drug that you need  
shoot me up shoot me up  
i am all that you need  
you pull away you pull away  
disastergia tell me why you're punk rock  
with a knife a masochist with attitude  
go to another shoot the rash blinds  
you cant talk your fallin down  
this cant walk your outta time  
you're outta luck what a face  
i am the drug that you need  
shoot me up shoot me up  
i am all that you need
