

Rude Boy

Angel

Get out the way
I don't wanna get the tray
No I got shit to do
Why you always fucking up my way
Let a nigger breathe
Now don't you see my hearts gotta
Bitches know how we do
Niggas running round like they
Niko why you wanna call my name
I don't really talk much when they talk tough 'cause
I don't wanna catch no gaze
Mana man a rude boy from the corner
If they ever call my name
I let it out, let it out
Let it out, let it out
'Cause mana man a rude boy from the corner Why do they wanna call my name
Don't they know we ain't the same (it only a game)
Rude boys from the corner
Don't be acting like I didn't warn ya
Straight west and in my section
Then we hit them all up with the gun of Rudamanson
Way I'll make you regret it now
Ai, we so amazing
No you don't want no drama
We flex on you wastemen
We're just catching the wave man
Woo, who said I'm trying to impress you
I would never be doing the one a the rest you
And it's only the best I'm sitting next to
Why the wanna call my name
Why they wanna call my name
I don't really talk much when they talk tough 'cause
I don't wanna catch no gaze
Mana man a rude boy from the corner
If they ever call my name
I let it out let it out
Let it out let it out
'Cause mana man a rude boy from the corner I'ma be making money on the corner
I was always smarter than the other niggers in the park way

Mana would really push your buttons if your hearts not
Really on the Gaza
Ima take your ladies to a bar yeah
If I see her and I like and I really wanna hit it, up a lot and get out my ride
Come on my lady be chillin in the telly watching telly with your bitch
She was lock on mine
Please, see me rolling with some gs
Aw my niggers musical
Why you think we got so many gs
Get off the streets
Plus you know my fathers got a
Papa know how we know
Niggers running round with the relo
Why you wanna call my name
I don't really talk much when they talk tough 'cause
I don't wanna catch no gaze
Mana man a rude boy from the corner
If they ever call my name
I let it out let it out
Let it out let it out
'Cause mana man a rude boy from the corner
Why you wanna call my name
I don't really talk much when they talk tough 'cause
I don't wanna catch no gaze
Mana man a rude boy from the corner
If they ever call my name
I let it out let it out
Let it out let it out
'Cause mana man a rude boy from the corner
