

# Vietnamese Blues

## G.B.H.

Well I just got back from Vietnam,

where I saw a baby in a pram.

The next minute it wasn't there,

I was getting paid too much to care. Now I fought hard for my Purple Heart.

I can stop you if you start.

Going out now on the loose.

Gotta get rid of these Vietnam Blues. Well I just got back from Vietnam.

I got addicted to napalm.

My teeth have rotted, they're just not there.

I was getting paid too much to care. Well I just got back from Vietnam.

I got blown to bits by a bomb.

My minds gone it's just not there.

I was getting paid too much to care.
