

Nightbus Home (Preview)

Modestep

It's getting pretty late, The streets can be a dangerous place.
You should be on your own, let me help you get home.
As the hand passes 12, this town transforms to a different world.
Please pick up your phone, 'cuz you know I'll meet you on the NIGHTBUS HOME
So you don't have to walk alone
I'll meet you on the NIGHTBUS HOME
So you don't have to walk alone I'll meet you on the NIGHTBUS HOME...
Meet you on the NIGHTBUS HOME...Meet you on the NIGHTBUS...HOME...I finally get that text, I wonder
when the bus is stopping next.
One guy passed her at the back, someone's taken on the AD.
Walking up the stairs, I brought up lunch
There's always gonna be a bunch of drunks.
Imagine if you were on your own, you should of known...I'll meet you on the NIGHTBUS HOME
So you don't have to walk alone I'll meet you on the NIGHTBUS HOME
So you don't have to walk alone I'll meet you on the NIGHTBUS HOME
Home...I'll meet you on the NIGHTBUS HOME Home...I'll meet you on the NIGHTBUS HOME
