Overcome

New Politics

I'm feeling powerless
I'm feeling hopeless
I see the world beneath us open to the darkness
I see it everywhere
There's no progress
It's like I'm slowly giving in to all the madnessI stand here, imperfect, right before you
Been searching so long for a way to get through
Swallowed the universe invented my youth
I still can't forsake what I feel is true
I was made out of dust fly your voice in the wind
To conquer my fears and rise like a king
I will always evolve and never give in
I will follow my dreams 'cause I know I will winCHORUS
And if you don't take a stand you won't understand
We will overcome
We will overcome
It's written in the wind
Set the wheels in motion and rise again
Higher and higher and higher
Higher and higher
We will overcome
My friendAnd I will not justify what I did
Through the pain, sweat, and tears I have l learned to forgive
So live out your life 'cause it is a gift
And rise up above take the whole world with you
I stand here, naked, this is my truth
Hold on to your innocence and beauty or youth
And don't forget the power lies within
Being born ain't a crime you can be what you want toCHORUS
And if you don't take a stand you won't understand
We will overcome
We will overcome
It's written in the wind
Set the wheels in motion and rise again
Higher and higher and higher
Higher and higher
We will overcomeI'm feeling powerless
I'm feeling hopeless
I see the world beneath us open to the darkness

I see it everywhere
There's no progress
It's like I'm slowly giving in to all the madnessWe will overcome
We will overcome
It's written in the wind
Set the wheels in motion and rise again
Higher and higher and higher
Higher and higherI'm feeling powerful
I'm feeling hopeful
I see the world beneath us change to something beautiful
I see it everywhere
There is progress
If we're united strong then everything is possibleEverything is possible
