

Let's Go Bang

Jennifer Love Hewitt

I wanna go
I, I wanna
I, I wanna go
I, I wanna

Unspoken words you know just what to do
The rhythm moves like, second nature to you
So primitive, it fits you like a glove
Instinctive as to make love, let's go
Before the groove hits the move you want to
And Uncle Funk wants it over tonight
Just dance along to wherever they take you tonight
You just bang it all up and out, bang it all on time
Let the beat, let the beat be your lover
Free your mind, let the beat take you over
Throw all inhibitions up into the wind

Yeah, yeah, yeah, yeah

Let's go bang, I wanna go bang
Let's go bang, I wanna go bang
Let's go bang, I wanna go bang
Let's go bang, I wanna

Well, if you move to the groove the way I do
There's nothing else in the world that compares
And if you dance to release the part of you
That keeps telling you to be free, let it take you there

Let the beat, let the beat be your lover
Free your mind, let the beat take you over
A groove premonition your feet can't ignore

Yeah, yeah, yeah, yeah

Let's go bang, I wanna go bang
Let's go bang, I wanna go bang
Let's go bang, I wanna go bang
Let's go bang, I wanna

Oh in the air tonight, there's breathing in the wind
Oh in the air tonight, the beat is
It's going on, it's going on

It goes

Let the beat, let the beat be your lover
Free your mind, let the beat take you over
A groove premonition your feet can't ignore

Yeah, yeah, yeah, yeah
Let's go bang, I wanna go bang
Let's go bang, I wanna go bang
Let's go bang, I wanna go bang
I wanna go bang, I wanna feel the rhythm
I wanna go bang, I wanna go bang
I wanna go bang, I wanna feel the rhythm
I wanna go bang, I wanna go bang
I wanna go bang, I wanna go bang
One more time
Ooh, yeah, yeah, yeah, yeah
I wanna go, I wanna go bang, I wanna
I wanna go, I wanna go bang, I wanna
I wanna go, I wanna go bang, I wanna
I wanna go, I wanna go bang, I wanna
I wanna go, I wanna go bang, I wanna
I wanna go, I wanna go bang, I wanna
