

# My Heavenly

## Jars Of Clay

Let the wind fall wild across my path  
Even though we barely move, there's no turning back  
There is a river, there is a road, place of holy riches untold  
It's where I'm s'posed to be, where I'm s'posed to be

My heavenly

I know it never feels right  
To let go of the safety we're used to holding so tight  
But there is a lion underneath these skies

Though love cries, though love cries

Though love cries, love will rise

My, my, my heavenly

So fly me higher, higher

Hope fill me, keep me here

Love lion, my, my

So when I'm lonely or when I'm old

Life is more behind me

All the stories have been told

I can fix my gaze up through the clouds  
Where I'm gonna be, where I'm gonna be

My heavenly

My, my heavenly

My heavenly
