

# Runaways

## Betty Who

We sneak out late after midnight  
Hijack your daddy's car  
You're my best bad kind of habit  
I'm your backseat movie star  
Leave my shit under the motel bed  
Yours look big on me but knocks you dead  
The sun don't set if we keep heading west, you said.  
Oooooooooooooo-oooooh, we just wanna find our way  
Oooooooooooooo-oooooh, maybe we're just runaways  
Maybe we're just runaways  
Maybe we're just runaways  
We spend the night in a border town  
You throw our Phones away, you say  
Those kids will bring us down, all their fucking around  
We'll never be the same  
You keep me lit and your a loaded gun  
But you love me better than anyone  
The sun don't set if we keep heading west, I bet  
Oooooooooooooo-oooooh, we just wanna find our way  
Oooooooooooooo-oooooh, maybe we're just runaways  
Maybe we're just runaways  
Maybe we're just runaways  
Oooooooooooooo-oooooh, we just wanna find our way  
Oooooooooooooo-oooooh, maybe we're just runaways  
Maybe we're just runaways  
Maybe we're just runaways
