We Burn

Helloween

Climb down my pile
And again to the beat of my heart
You're so excitin'
Take all the soul
I will give you as much as you want
Control my fear
Higher, much higher
Unbounded fire
Closer, come closer
Close to the core
We burn, we burn
Contaminate you
I like to pollute you with my
G-g-generation
Look into my eyes
And we melt into on yearnin' mind
We climb the stages
Higher, much higher
Unbounded fire
Closer, come closer
Close to the core
We burn, we burn
Insanity, insanity
Never set me free
We burn
Higher, much higher
Set me on fire
Closer, come closer
Close to the core
We burn, we burn
Insanity, insanity
Never set me free
We burn
We burn
We burn
We burn
