

Until We Meet Again

[Diana Ross](#)

Who would have ever thought
The day could ever come
When we would see a love like this
Fall into pieces And it hurts me to know that now until then
I'll only have these memories And now there's no time left to pretend
And it feels like it's the end
But you're always in my heart
Until we meet again
Now I have to let you go
There's no way we can be friends
But you're always part of me
Until we meet again Why while our love was strong
We still couldn't make it?
Did time have to take our lives
In different directions? And it hurts 'cause there's no way for me to reach you
We're so far apart, when did we grow so far apart? And now there's no time left to pretend
And it feels like it's the end
But you're always in my heart
Until we meet again
Now I have to let you go
There's no way we can be friends
But you're always part of me
Until we meet again Oh, deep in my heart, I know
I'll see you again
Well, I don't know where or when
But till then And now there's no time left to pretend
And it feels like it's the end
But you're always in my heart
Until we meet again
Now I have to let you go
There's no way we can be friends
But you're always part of me
Until we meet again
