

# Falling for Ya

## Grace Phipps

Lela: The day started ordinary  
Boys walking by  
ooo,ooo  
It was the same old story  
Too fresh or too shy  
ooo,ooo  
Im not the kind  
Too fall for a guy  
Who flashes a smile  
(It goes on for miles)  
When usually swoon  
But Im over the moon  
(He was just too cool for school) And now Im  
Falling for Ya  
Falling for Ya  
I know I shouldnt but I  
I just cant stop myself from  
Falling for Ya  
Falling for Ya  
Cant hold on any longer  
And now Im falling for you Now were going steady  
Hes the cats meow  
(Meow Meow!)  
He says Im a betty!  
And we paint the town Im not the kind  
To fall for a guy  
Just cuz he says hi  
(When hes cruisin by)  
Hes ready to race  
And Im catching his gaze And now Im  
Falling for Ya  
Falling for Ya  
I know I shouldnt but I  
I just cant stop myself from  
Falling for Ya  
Falling for Ya  
Cant hold on any longer  
And now Im falling for ya It feels like I tumbled from another world  
Into your arms and its so secure

Maybe Ill stumble but Ill know for sure  
Head over heels  
Im gonna be your girlAnd now Im  
Falling for Ya  
Falling for Ya  
I know I shouldnt but I  
I just cant stop myself from  
Falling for Ya  
Falling for Ya  
Cant hold on any longer  
And now Im falling for you
