

# Welcome

## Slipknot

I am a product, of your context  
The uncontrollable urges that made me a menace  
I'm all your problem, do you even care?  
Pretend it's all a lie, that's how we made it here  
Can't abate the truth with your secrets,  
But you were far too impressed with your pretense  
Now as far as I know, I don't know anything  
'Cause you made damn sure, I wasn't anything  
Distractions, Reactions  
The only way to go is to go away  
Discarded, Retarded  
Before I let you go, you have to let me  
Crawl away from human clay  
We are the broken shards beyond disarray  
Before you cut them, you rape them  
(Feed us by going on!)  
Gonna go from my souls to my throat  
You shouldn't wall us up with your apathy  
But you did and now you're only growing enemies  
This is the catalyst, the alpha, the first breed  
'Cause you made damn sure, now we're everything  
Distractions, Reactions  
The only way to go is to go away  
Discarded, Retarded  
Before I let you go, you have to let me  
Maximize our prize of a record  
It's all on the path and the words are of murder  
This time I won't give in  
I will save you from my sins  
(What is wrong with this  
Manipulation  
Violence and Chaotic)  
Destroy my taste and all that's right  
I slam you shut, I can only take so much  
How many times do I have to mistreat you?  
'Cause you leap out of my hand as I feed you  
Maybe now you'll understand severity  
I sum it up with offense no matter poverty  
Welcome to the transformation  
Welcome to annihilation  
Welcome to the man that wanted  
Everything, but couldn't have it  
Distractions, Reactions  
The only way to go is to go away  
Discarded, Retarded  
Before I let you go, you have to let me  
Maximize our prize of a record  
It's all on the path and the words are of murder  
This time I won't give in

I will save you from my sins Save you from my sins  
Save you from my sins
