

Oh Baby, Don't You Loose Your Lip on Me

[James Taylor](#)

Oh baby, don't you loose your lip on me.
Lord, have mercy, baby, now, don't you loose your lip on poor old loving man JT, woo.
Now I've tried so hard to be your good boy,
Good God almighty, don't you know, mama, tell me more,
What more in this world in this whole wide world can a good boy,
Just one by himself man be, no, woooo.
