

# Here We Stand

## New Device

We can see it, God, You're moving  
We can feel it in our bones  
Turn our hearts to all You're doing  
With a shout we cry, with a shout we cry  
Open wide heaven's gates, let Your glory fill this place  
Here we stand in awe, here we stand in awe  
Lifted high every heart, giving You every part  
Here we stand in awe, here we stand in awe  
We are filled with expectation  
As we're reaching for Your throne  
There's an anthem, hear it rising  
With a shout we cry, with a shout we cry  
Open wide heaven's gates, let Your glory fill this place  
Here we stand in awe, here we stand in awe  
  
Lifted high every heart, giving You every part  
Here we stand in awe, here we stand in awe  
There's nothing like Your presence, God  
There's nothing like Your presence, God  
There's nothing like Your presence, God  
There's nothing like Your presence, God  
Open wide heaven's gates, let Your glory fill this place  
Here we stand in awe, here we stand in awe  
Lifted high every heart, giving You every part  
Here we stand in awe, here we stand in awe  
Here we stand in awe, here we stand in awe  
We are, we are  
We are, we are  
We are, we are
