Wasting Time

Frivolous

Well it's all for love, this fairytale that unites us,
And they will say that it's sent from above,
But in the end it's just foolish love.

This fundamental plight,
Will strip of bare of our divine right,
And we will say that it's sent from above,
But in the end it's just foolish love.

So we just keep on wasting time.
I'll think it over then we'll,
And we just keep on wasting time,
Were growing older till we,
Cause every page that turns brings us closer
But we keep on wasting time.

And we just keep on wasting time,
I'll think it over then we'll,
And we just keep on wasting time,
Why can't you see that,
Every page that turns brings us closer but we keep on wasting time

Once when we were young,
Like a nursery rhyme we both had sung,
'Cause we thought it was sent from above,
But in the end it was foolish love.

When nothings meant to be,
A few keep me warm but there's no you and me,
And now we know nothings sent from above,
And we won't fall for no foolish love,
And we'll just keep on wasting time,

I'll think it over and I'll,
And we'll just keep on wasting time,
We're growing older still we,
'Cause every page that turns brings us closer and we keep on wasting time.

And we'll just keep on wasting time,
I'll think it over and I'll,

And we just keep on wasting time,
Why can't you see it,
'Cause every page that turns brings us closer and we keep on wasting time.

And we'll just keep on wasting, keep on wasting, keep on wasting time,
This love has messed me up,
And we'll just keep on wasting, keep on wasting, keep on wasting time,
This love has screwed me up,
And we'll just keep on, keep on wa', keep on wasting time,
This love has messed me up,
And we'll just keep on time, keep on wa' wa', keep on wasting time.
