

# The Tempest

## Dragonland

With the dawning clarity  
a calm and vast serenity i see  
into this pale infinity  
I'm drifting Spirit of the sea  
streams reached down to me  
visions in the dream  
spared me With the fury of a storm  
A racing, darkened majesty sent me  
into a sunken destiny  
azure divinity Spirit of the sea  
streams reached down to me  
visions in the dream  
spared me Solo: Mrck Solo: Linds kog Spirit of the sea  
Harken unto me  
the tempest made me  
what must be
