Angel Flying Too Close To The Ground

[Beth Rowley](#)

If you had not've fallen
Then I would not have found you
Angel flying too close to the ground
But I patched up your broken wings
And hung around a while
Kept your spirits up and your fever downI knew someday that you would fly away
Cause love's the greatest healer to be found
So leave me if you need to, but I will stil remember
Angel flying too close to the groundIf you had not've fallen,
than I would not've found you
Angel flying too close to the ground
I patched up your broken wings
And hung around a while
Kept your spirits up and your fever downI know someday that you will fly away
Cause love's the greatest healer to be found
So leave me if you need to, but I will stil remember
Angel flying too close to the groundSo fly, fly on past the speed of sound
Ohh, rather see you up than see you down
So leave me if you need to and I will still remember
Angel flying too close to the groundSo leave me if you need to and I will still remember
Angel flying too close to the ground
