

Sunburn

40 Below Summer

Spill these lies - All you ever want to do is
Fill these eyes - With tears it's all you need to do to
Magnify - Everything about you is to
Justify - To feel my pride Ready to catch a fistful
Now I'm coming at ya like the crack of a pistol
Duck!

Said ya run out of luck
Everything about you says I don't give a fuck
You don't know what the pain does to me on my knees in a world where
I can barely breathe
And did you think I'd let you get away
From just a piece of the pain that you left me with
Everyday
Everyday
Everyday

Spin your hate - All I ever needed was to
Demonstrate - You and all your fucked up rules
I can't relate - Every time I try to leave
I can't escape - I see your face Ready to catch a fistful
Now I'm coming at ya like the crack of a pistol
Duck!

Said ya run out of luck
Everything about you says I don't give a fuck
You don't know what the pain does to me on my knees in a world where
I can barely breathe
And did you think I'd let you get away
From just a piece of the pain that you left me with
Everyday Taste this anger - Ripping you open
Impending danger - Something you lost
Can I have a moment of silence?
And now you're gone
Get off, get off - Coming up behind you
Get off, get off - Coming to remind you
Get off, get off - Don't you test me
Get off, get off, get off, get off Get off, get off - Coming up behind you
Get off, get off - Coming to remind you
Get off, get off - Don't you test me
Get off, get off, get off, get off
