

Where Love Shines

Incognito

(J.P. Maunick / S. Grey) People gather together where the love shines
And everyone is truly free
There's a light on the world for you and me Trip around the world
Take a good look around, tell me what you see
Everyday people looking for love
Yes they are searching There's nothing in the world
Nothing else to be found, that can compare
With the power of love
Everyday we are yearning Now gather together
> From every corner of the world
Let's open our minds to the light Chorus:
People gather together where the love shines
And everyone is truly free
There's a light on the world for you and me
It's no mystery Let it rain on me, yeah Trip around the world
Take a good look around, tell me what you see
So much anger and pain, life's a game
That we're losing Stop the masquerade
By the truth we are bound, and that's no lie
People crying for change
Everyday they are praying Now gather together
> From every corner of the world
Let's open our minds to the light Chorus (x2) Your love
Really wanna have it
Do you really dig it?
Really gotta get, get, get, get it Chorus
