

Glorianna

[Emily West](#)

Don't let the light go out
It burns inside
In the ice, it's water
Weightless, having hope
Never, never, never alone[Hook]Don't leave us, Glorianna
You made us, Glorianna[Verse 2]Brought into life
And made to give life back
Life's a sun, like diamonds
Water, shaping a stone
Never, never, never alone[Hook]Don't leave us, Glorianna
You made us, Glorianna
Stay with us, Glorianna
You made us, Glorianna
Glorianna
Sing with us, oh lead us
Don't leave us, Glorianna
You made us, Glorianna
Sing with us, Glorianna
You made us, Glorianna[Outro]You made us
Stay with us
