Skin Grip

Pitchshifter

Stimulation, walk tall, retention, arrogance, your ways, diseased.
Plastic and skin adopted, a lowered compulsion abstract,
stop and start bright image, you adopt your animal desire,
your burnt out head is narrow, eyes accept the bond.
Unclean, obscene, burnt out.
Paper and flesh concented, the following is blind,
malignant scent of picture, refuse form turn page,
reason obscene indulgence, exert force on stained.
