

# Coconut

## Saves the Day

Temperatures rise, rising and reeling  
from feral files found in the trash can  
confirming all our deepest fearsOooh television keeps us scared to death  
Oooh don? go outside, better stay in bedMold in the air might cause a car crash  
somewhere in France  
leading to outbreaks of airborne plagues  
violent earthquakesOooh television keeps us scared to death  
Oooh don? go outside, better stay in bed(Ah) Run to your momma? basement  
there ain? no air  
so you can? hear the TV singing  
soon we?l all be dead  
get up! get up! go on and see the very last sunsetOooh television keeps us scared to death  
Oooh don? go outside, better stay in bedThe dimly lit walkways  
and avenues.  
Beneath bridges,  
lead me through  
dreamy days.  
It's into the dark  
everytime,  
it's no wonder I lost my mind,  
and my memory.But I wouldn't have it any other way.  
Wonder weary all along the empty streets.  
And I don't mind my broken legs.Walk myself home beneath the stars.  
strolling along the ocean shore,  
and I wish for tidal waves,  
to carry me out to sea.  
To an island that's all for me,  
to fade away.But I wouldn't have it any other way.  
With no one there to tell me how to be.  
I'll grow my hair down to my knees.I'd befriend coconut trees.  
the breeze,  
breathe in through the sparkling seas.  
Evaporating in the sun.  
Is my number one,  
Priority.But I wouldn't have it any other way.  
No I wouldn't have it any other way.  
I wouldn't have it any other way.
