The Other (DallasK Remix)

Lauv

Like a spotlight the water hits me
Ran it extra cold to shake the words from my mouth
Though I know that no one's listening
I nervously rehearse for when you're aroundAnd I keep waiting like you might change my mindWho wrote the book on goodbye?
There's never been a way to make this easy
When there's nothing quite wrong but it don't feel right
Either your head or your heart, you set the other on fire
Back and forth now I'm feelin' guilty
Cause I just can't stop this pendulum in my head
Though I know that our time is ending
I'd rather lay forever right in this bedAnd I keep waiting like, you might change my mind
Give me one more nightWho wrote the book on goodbye?
There's never been a way to make this easy
When there's nothing quite wrong but it don't feel right
Either your head or your heart, you set the other on fireNo one knows (knows)
No one knows (knows)
We fell from the peak
And the stars, they broke their code
I'm trying to forget
How I landed on this road
I'm caught in between
What I wish and what I know
When they say that you just know
Who wrote the book on goodbye?
There's never been a way to make this easy
When there's nothing quite wrong but it don't feel right
Either your head or your heart, you set the other on fire
No on knows (knows)
No one knows (knows)
No one knows (knows)
No one knows (knows)
You set the other on fire
