

Sailor's Lament

The Smothers Brothers

Sailor's Lament.

The Smothers Brothers

Instrumental introduction

I've been sailing since forever

Sailing places the wind has blown

Hope someday I'll stop this roving

Hope I'll see the hills of home

Chorus

Winds keep callin', waves keep fallin'

Callin' me to roam

Sails keep blowin', wind keeps moanin'

Farewell to hills of home

Instrumental

Waves at night can rise like mountains

Sea birds dance all on that foam

Just like me they're never settled

Never see the hills of home

Chorus

Instrumental

Guess I'll never stop my sailin'

Guess my days on land have flown

Guess I'm doomed to be like driftwood

Never see the hills of home, Farewell,

Farewell, farewell, farewell
