

Got to Make Me Love You

Tyrone Taylor

Ohhh
Yeah eh eh Woman don't you understand
If you want me to be your man
Oh oh
You've got to understand the things I do
You can't take it in your hands
You've got to make me love you
You've got to make me love you baby
You've got to make me love you sugar
Ohhh I'm such a lonely man
Oh oh
This loneliness I can't understand
No no
I often ask myself the question, Why me?
When I just want to live my life and be free
Woman
You've got to make me love you baby
You've got to make me love you sugar
Ohhh
You've just got to let me love you baby Ohhhh I'm such a lonely man
Oh oh
This loneliness I can't understand
I often ask myself the question, why me?
When I just want to live my life and be free
Woman
You've got to make me love you baby
You just got to make me love you sugar
Ohhh
You've just got to let me love you baby.
my my my
You just got to make, got to make, got to make
Hmmm mmmm
You've just got to make, got to make, got to make me love you Treat me nice baby
Treat me good
And I'll love you woman like you know I should
Ohhh ohhh ohhh
Treat me good. treat me good baby
You just got to make got to make, got to make, got to make me love you
You just got to make me, my my

You just got to make, got to make, hmmmm hmmm
