Givin' You Up

Carl Wilson

I need to tell you why I been unhappy
It's been too long on my mind
Oh - oh
Gotta admit you were there when I needed
Still there's something I gotta find
Oh - my darlin'
I been thinkin"bout givin' you up
Been thinkin' 'bout changin' my luck
Givin' you up - there's nothin' that you've done
Givin' you up I've outgrown your love
Givin' you up I need some time on my own
In order to find me I - I'm givin' you upYou might hear 'bout me seeing somebody
Though it's not love I'm trying to find
Oh - oh
It could be the freedom without you I'm needing
You took me for granted I found
Oh - my darlin'
I been thinkin"bout givin' you up
And maybe I wanted too muchIf you believe all that you hear
You won't believe that love lasts thru the tears
Try to remember the good times
I'll have the memories
And I gotta admit you were there when I neededOh - my darlin'
I been thinkin"bout givin' you up
I been thinkin' 'bout changin' my luck
