Nesian Style

Nesian Mystik

~Chorus~
Nesian style is here / Laydeez beware / now tell me if U are down /
All tha sounds get down / Polynesianz all around / now this is how we move your crowd

~Verse 1~
Territorial betrayal as 2 worldz combine / tha combination of M.C's mentally intertwine / Intellectually capable in this industry / tha collaboration of Tarius and deez Nesian M.C's / bein' conspicuous wit' limited intelligence / callin' us delirious / when we get serious / bringin' U tha next chaptah in dis Hip-Hop legacy / tha democracy of deez youngstahz / technique of ?MoOLi? / well as dis saga continues we stand our ground as pioneers / space cadets on a mission to a Nesian frontier / not knowing our next des-to-nation / we be takin' a lyrical leap into tha next Millennium / Freestylin' on tha low down / battle rhymin' like a show-down / rydin' tha flow like a ho-down / 'till tha show commences to a close down / so hold up now let me see ya bounce wit' me if ya down wit' me /

~Chorus~
Nesian style is here / Laydeez beware / now tell me if U are down /
All tha sounds get down / Polynesianz all around / now this is how we move your crowd
