

# Fly

## Sanctus Real

When last place is where I've been  
It's hard to find the strength to start again  
Sometimes it seems like I can never win I'm held back by the weight of a crowd  
Can't move to find my way out  
You give me faith to get my feet off the ground  
'Cause it's not easy... Trying to fly against the wind  
When I keep falling back to where I've been  
Start over again I'm overwhelmed when there's too much  
Hiding the view to all that you've done  
I step back to see how far we've come  
And you're always with me (when I'm) Trying to fly against the wind  
But I keep falling back to where I've been  
Trying to fly against the wind  
Start over again When last place is where I've been  
You give me what I need to start again Trying to fly against the wind  
But I keep on falling back to where I've been  
Trying to fly against the wind  
And you keep on coming abck for me agian... over and over again
