

# Good Times

[Sam Cooke](#)

All night long  
All night long Yeah, come on and let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long  
One more time, come on and let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long Gotta tell you, evenin' sun is sinkin' low  
The clock on the wall say it's time to go  
I got my plans, I don't know about you  
I'll tell you exactly what I'm gonna do Get in the groove and let the good times roll  
I'm gonna stay here till I soothe my soul  
If it take all night long  
Yeah, everybody let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long, yeah It might be one o'clock and it might be three  
Time don't mean that much to me  
I haven't felt this good since I don't know when  
And I might not feel this good again So come on and let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long  
And all night (all night) and all night (all night)  
And all night (all night) and all night long (all night)  
Somebody said it might (all night) take all night long  
And all night (all night) and all night (all night), so  
Come on and let the good times roll  
We're gonna stay here till we soothe our souls  
If it take all night long
