

Eternity Pt. 3 (Acoustic)

Anathema

So little time
Your crystal eyes gaze into mine
A burning flame
Forever dreaming, dreaming a lie Trapped inside internal eyes
Caressed by innocence, a sanctuary for you mind
Born alone beneath pale sardonic skies
One love, one life, one sorrow I won't reproach myself this time
A condemned man, granted a sweet reprieve
A turn of fate, a genial twist of the knife
Undying affection for life
