

# Eire

## Geasa

In the land of Eireann  
Where sat the high king  
Faced with the problems  
The dreaded vikings  
Gather all the men folk  
Speaking the Celtic tongue  
The land is Eireann  
The land is young  
Stands Red O'Donnell  
Fighting the Saxon foe  
With Hugh O'Neil  
Ohh  
All along the north land  
They fight bitterly  
The land is eireann  
The land is free
