

# Into Your Drug

Matthew Sweet

Tell me what you want me to do, tell me what you want me to say  
When nothing I do or say is enough  
Everything fits but the size of my love  
Out of proportion and into your drug, into your drug Now how can I give you the world, painted on the side of a  
pearl  
When neither the pearl nor the worlds big enough  
Everything fits but the size of my love  
Out of proportion and into your drug, into your drug Nothing I do or say is enough  
Everything fits but the size of my love  
Out of proportion and into your drug, into your drug  
Into your drug, into your drug, into your drug, into your drug  
Into your drug, into your drug, into your drug, into your drug
