

Cool Heroes

Jedward

Set it off
We bought to live it up
Tear the city down
Just cause I can
Point and stare
You ain't seen nothing yet
We gonna party
They ain't shuttin us down
Ain't nobodies baby
Everybody's crazy
We got the city up in flames tonight
Girl's they wanna bite me
Their boyfriends wanna fight me
Don't care as long as my song is on reply
Watch me fly away
We're tryna reach the top
and we're ain't never coming down from here
Watch me fly away
Ain't tryna to stop until the top top top top top top top top top top
Cause baby yea we're cool like that
We just don't give a damn
We're gonna party up til tomorrow
Yea we're cool like that
We're just living our lives
When the sun comes up we're gonna be heroes
Crack a dawn and we're still rockin on
We bought to raise a toast for lookin so fly
Dressed up fun, the night has just begun
We burn the rules and throw the ashes away
Ain't nobodies baby
Everybody's crazy
We got the city up in flames tonight
Girls they wanna bite me
Their boyfriends wanna fight me
Don't care as long as my song is on replay
Watch me fly away
We're tryna reach the top
and we're ain't never coming down from here
Watch me fly away

Ain't tryna to stop until the top top top top top top top top top top

Chorus

We're gonna be heroes, yeaaaa
