Wiped Out

OFF!

In my disconnect
When I shut down
As this city's weight buries me
I wanna knock it downI'm wiped out
I'm wiped outOn our haywire Earth
Negativity
My vision's turning ugly
With pain and povertyI'm wiped out
I'm wiped outListening to my head
A ringing in my ears
I should go into my chest
And blow away my fearsI'm wiped out
I'm wiped out
