

Wiped Out

OFF!

In my disconnect
When I shut down
As this city's weight buries me
I wanna knock it down I'm wiped out
I'm wiped out On our haywire Earth
Negativity
My vision's turning ugly
With pain and poverty I'm wiped out
I'm wiped out Listening to my head
A ringing in my ears
I should go into my chest
And blow away my fears I'm wiped out
I'm wiped out
