Rearview Mirror

Isabella Cole

This road that I've traveled on
Can sometimes go uphill
And I know that i am young
But I've had more than my fill

Of battle scars
And dreams that get knocked flat
But that doesn't mean the end of me
It's gonna take a little bit more than that

Cause I feel good in my skin and the road is clear
I'm moving on
The past is gone
I leave it in the rearview mirror

Doo doo doo doo doo doo
Doo doo doo doo doo doo doo

This dream that I'm searching for
Waits for me somewhere
And I've always wanted more
So I made more than my share

Of choices that
Hurt someone I knew
But that doesn't mean that I'm all bad
It means I still have a lot of learning to do

Cause I'm comfortable in my skin and the road is clear
I'm moving on
The past is gone
I leave it in the rearview mirror

Doo doo doo doo doo doo
Doo doo doo doo doo doo

Cause I feel good in my skin and the road is clear
I'm moving on
The past is gone
I leave it in the rearview mirror
