Give Me That Slow Knowing Smile

Lisa Ekdahl

I'm on my hands and knees
searching every corner for my lost heart and soul
Hear me begging please
I'm searching every corner for my lost heart and soulNow give me that Slow knowing smile
Like someone who may know their way
Give me that Slow knowing smile
That may make wanna say hey hey hey hey
Give me that Slow knowing smile
Give it to me
Slowly
Give me that Slow knowing smile
Give it to me
SlowlyI tell you what I do
I'm searching every corner for what I know is mine
I tell you what is true
My heart and my soul is what I need to findGive me that Slow knowing smile
Like someone who knows where to go
Give me that Slow knowing smile
That may make me wanna say oh oh oh ohGive me that Slow knowing smile
Give it to me
Slowly
Give me that Slow knowing smile
Give it to me
SlowlyGive it to me
Slowly
Give me that
Slow knowing smile
