Netflix & Chill

D3juan13

[Hook] Baby let's Netflix & Chill, (x4)
Baby let's just keep it real,
I think you know what's the deal,
You should just come to my crib,
And see how a young nigga live,
Let's Netflix & Chill,

Started out soft on the bed,
Then we on the floor instead,
Giving me head,
You do not have to pay bills,
I'll just keep giving you bread,
Take off your threads,
Then she keeps bringing it back,
Hands on her waist, yeah I smack,
Let me attack,
She got my glasses all fogged up foreal got me feeling like Zack,
And now she wanna ride me,
I knew that she liked me,
Her friends wanna Skype me,
All her niggas wanna fight me,
But I just keep hitting it hard,
You can hear screams from afar,
Getting it on,
Netflix on TV I'm tapping her booty while I'm watching Tron, let's Netflix & Chill,

[Hook] Baby let's Netflix & Chill, (x4)
Baby let's just keep it real,
I think you know what's the deal,
You should just come to my crib,
And see how a young nigga live,
Let's Netflix & Chill,

Round 2 got me going crazy,
Feeling kinda tired, but she wants to take me,
If we keep it going, then we'll have a baby,
But I can't stop now or she'll have to shame me,
So when I lay it down I got her legs in the air,
She's screaming out for dear life, I'm tryinna pull her hair,

I'm tryinna get a lapdance, fricking in the chair,
Come up now, come up for air,
Yeah,
And I'm goan' keep her out late,
Nigga this isn't a date,
I know these niggas are hating, and haters are haters,
They're nothing, so I let them hate,
Yeah,
But, finally I give out and cum,
I told her that I had fun,
Then I just run,
Sorry but I just can't cuff you for nothing, I'm glad you could come,
And Netflix & Chill,

[Hook] Baby let's Netflix & Chill, (x4)
Baby let's just keep it real,
I think you know what's the deal,
You should just come to my crib,
And see how a young nigga live,
Let's Netflix & Chill,
