

Bloodflowers

Alove For Enemies

Album: A Lifetime Burning
This dream never ends you said
This feeling, never goes
The time will never come, it'll slip away
This wave never breaks, you said
The sun never sets, again
Theses flowers, will never fade (Never fade)
This world never starts, you said
This wonder, never leaves
The time will never come, to say goodbye
This time never turns, you said
This night never falls, again
And these flowers will never die
(Never die)
(Never die)
And these flowers will never die (Never die)
This dream always ends, I said
This feeling always goes
The time always comes to, slip away
This wave always breaks, I said
The sun always sets, again
And these flowers will always fade (Will always fade)

This world always stops, I said
This wonder always leaves
The time always comes, to say goodbye
The time always comes, I said
The night always falls again
And these flowers, will always die
(Always die)
(Always die)
(Always die)
Between you and me
It's hard to ever really know who to trust
Out of pain, wondering
Between me and you
It's hard to ever really know who you choose
Out of fear, what to do?
Never fade

Never die
You give me, the flowers of love
Always fade
Always die
Careful flowers oft? blind
