

# Heartbreak

## The James Hunter Six

Heartbreak, you always know it when you get it  
Heartbreak, alway takes you another one with it  
When two lovers must divide  
there's pain on either sid  
anyone can tell you that it's true  
'cause my heart is breaking too  
Heartbreak, always takes you unawares  
Heartbreak, never stops at one, always comes in pairs  
i know it ain't a competition  
but consider my position  
if you were me what would you do  
'cause my heart is breaking too  
whoever leaves  
whoever stays  
whoever would believe it would cut both ways
