Regeneration

Lydian Sea

Regenerate the impoverished souls
That echo you
Bleed to feed the masses
Soup line two times twoThey got your picture from the
Sunday plain dealer that listed you, dead
Forget the story there's a bounty on
Your head they fingered youRight away, right away
Green light, get a move on
Right of way, right of way
Stop sign, put the brakes onRight away, right away
Green light, get a move on
Right of way, right of way
Stop sign, put the brakes onPositive cell regeneration
Positive cell regenerationCelebrate the immortal youth
That wasted you
Peel the skin back from all the lies
That blistered youThey hold for ransom
All the watered down truths
That splintered your faith
So sell your soul, because you're already
Dead they've listed youRight away, right away
Green light, get a move on
Right of way, right of way
Stop sign, put the brakes onRight away, right away
Green light, get a move on
Right of way, right of way
Stop sign, put the brakes onTo the fields where lesser mice go
To the fields where men follow
To the fields where lesser mice go
To the fields where we all followTo the fields where lesser mice go
To the fields where we all follow
To the fields where lesser mice go
To the fields where we all followRight away, right away
Green light, get a move on
Right of way, right of way
Stop sign, put the brakes onRight away, right away
Green light, get a move on
Right of way, right of way
Stop sign, put the brakes onPositive cell regeneration

Positive cell regeneration
